Subject RE: stop this terrorism of kauai people

Aloha,

The people of kauai feel like they are under attack. Once again by our own government. The thought of you restricting our abilities to use the ocean around our island is indescribable. I know the people pushing pencils in offices never use the ocean like us. It is our life line, and you know what that means. To death do us part. Remember the superferry? This feels exactly the same and we were willing to die to stop it. This will be met with even more of a war. You guys are out of your minds. It is time to stop your terrorism on us. For the record I am totally against restricting the use of our reefs and ocean. I will see you at the next meeting. I hope you can give at least a weeks notice and make it during the evening when most can attend.

mahalo
